

League of Women Voters of Marquette County

Elevator Speech

The League of Women Voters is a non-profit, non-partisan group that focuses on voting rights. We want every citizen to register and vote. We want every voter to know every candidate and issue on the ballot. We want the political system to work efficiently and fairly for all voters, and we advocate for laws and policies to achieve that goal. We educate ourselves and the public about issues of the day but we never support or oppose any party or candidate.

We hold voter registration drives at area high schools, NMU and area events, we provide online and printed voting guides, hold forums and informational town halls on issues. All over 16 are welcome to join us.
