

Hazardous weather policy: Membership Meeting Venue

If MAPS, NMU and/or PWPL close due to hazardous weather, the monthly membership meeting will be conducted by Zoom.

The day prior to and of the membership meeting, the communication coordinator will monitor the weather conditions. If there are school closings, the hazardous weather policy will be invoked. The communication coordinator will schedule a Zoom meeting. The link for the meeting will be provided to the League secretary who will send the link and a message to membership about the meeting venue change.

The communications coordinator will post a message on Facebook and the League's website calendar reflecting the change in venue.

This policy will be included in meeting notices.
